

Dear all

Given the current situation with Covid-19, the Criminal Legal Aid Review Accelerated Areas consultation is being extended and the consultation remains open until further notice.

We will be in touch shortly with further information about our ongoing work to support you during this crisis and on the next steps for the Review.

We would like to thank everyone for their contributions so far, and for bearing with us during this difficult time. We know the professions are facing great challenges as a result of the current situation and look forward to continued engagement on these issues.

Criminal Legal Aid Review Team
