

SPJ's Review of the PTPH form – Your opportunity to contribute.

When the Online PTPH was introduced we promised to review its content and function in about 6 months. The SPJ has asked us to conduct that review. To that end we seek the help of judges, court staff and other users to present ideas based on their experiences. Looking at the PTPH form and its functionality - What could be better? Parallel with this HCMTS need to be alerted to any issues you have encountered with the operation of the DCS.

There are, of course, many improvements that, subject to budget, we would like to make but this is your opportunity to ensure that issues you are concerned about – big or small - are on the table, whether you respond as an individual or on behalf of an organisation. That way we can consider what is possible within budget and what should be prioritised.

You can use either of the addresses below. **Please send your ideas by 31st August.**
